

Sixth Form Super Curricular Menu

Aiming for the Top and Aspiring High

As a Sixth Form student, aiming high and aspiring for the best grades possible is a key element of you opening as many future options, pathways and destinations as possible. Below outlines and signposts all of the super curricular opportunities you should be dipping in to during your time in the Sixth Form. These are activities that enable you to study your subject further, beyond which your teachers have taught you or what you have completed for homework. You may go into more depth on something you picked up in the classroom or learn about a new topic altogether.
